

VOLUME 46

Rubber Salvage Drive Extended Through July 10

President Roosevelt Monday extended for ten days the drive to round up all available scrap rubber. The campaign was originally scheduled to close Tuesday night.

Reason for the extension was the disappointing total reported to have been collected. In Coffee County we have not had any official notice as to the number of pounds collected. However, with the rubber shortage at such an acute stage, the county quota is not enough. We should gather every available pound of scrap rubber in the county. Look around the place and pick up every old tire, tube, water hose, eraser or other rubber article and deliver it to your gasoline dealer. He will pay you 1c per pound for all you bring.

Governor Dixon and many other state officers and citizens have started a movement to donate the rubber mat in the trunk compartment of their automobiles. It is stated that these mats alone contain about five or six pounds of good rubber, and if every car owner would donate his mat this alone would run up to an enormous pile of rubber.

LEADERSHIP SCHOOLS ARE BEING WELL ATTENDED

The leadership schools in drying vegetables and fruits which are in progress in Coffee County are being well attended. Rural women, who have led their city sisters in practically all phases of defense work, are reverting to the practices of their pioneer grandmothers in order that the greatest possible supply of food be conserved in spite of the shortage of cans and sugar. The demonstrations at these schools have proven that many varieties of vegetables as well as fruits, heretofore thought of only as material for canning, may be successfully dried.

BLUFF SPRINGS CLUB

On Tuesday, June 23, Miss Maie B. Mathews met with the home demonstration club at the home of Mrs. Edd Kelley, with a lesson on bandages and "How to buy clothes and sheets."

Officers of the club: president, Mrs. Edd Kelley; vice-president, Mrs. Albert Dyess; secretary and treasurer, Mrs. Sonnie Foye Goodson; reporter, Mrs. Edna Willis; parliamentarian, Ruthie Miles.

All enjoyed the lesson. Members present: Mesdames N. W. Bryan, M. H. Miles, Winslow Matthews, Edd Kelley, Edna Willis, Oscar Carter, Ocas Crocker, E. J. Bryan, Charlie Whitehurst and Miss Nadine Bryan.

Hope we will have a big crowd next time. We will meet again in July.

Mrs. Edna Willis, reporter. Miss Julie Bradley returned home Monday after a several weeks' visit to Mr. and Mrs. Arden Bradley, Jr., in Nashville.

ELDRD REDDOCH REPORTED MISSING BY NAVY OFFICERS

Information from the U. S. Navy Department came to Mrs. Alton Bullard on June 24, that her brother, Eldred Reddoch, was reported missing following action in the performance of his duty in the service of his country.

Eldred is the fourth son of Mr. W. M. Reddoch and the late Mrs. Reddoch. He has served in the U. S. Navy for 11 years and had attained the rank of first class gunner. It has been eight years since he visited relatives in Elba. Mr. W. M. Reddoch has three other sons serving in the armed forces: John Will Reddoch is stationed at Norfolk, Va. Marshall Reddoch is serving as a supply sergeant and is stationed at Fort Knox, Ky. Donald Reddoch, the youngest son, was for several months with his brother, Eldred, but a few months ago they were separated, being placed on different ships. A letter came recently from Donald to his sister, Mrs. Alton Bullard, stating that his ship was engaged in the great Coral Sea naval battle, but that he was all right. He could not disclose his whereabouts and electric light wires, water towers, railroad tracks, open drill and parking fields. None of it was there in January when the visitors were out that way.

Turning In Jeeps Assembling at the Headquarters Building of the 81st Division at 11 a. m., the party was greeted by Lieut. Col. W. S. Wood, Major E. J. Treacy and several young non-commissioned officers, who formed their escort through the camp. Five jeeps made up the convoy, much to the delight of the news folk who, like all curious civilians, wondered "how it would feel to ride in one of them things." (They found out.)

Clipping along the paved streets like the brown grasshoppers they resemble, the jeeps headed for the reception area. The "chow" line was entering one of the division's 78 mess halls for the noon meal, some 600 young fellows who immediately set to work upon the last-of-their-kind beef, vegetables, slaw, etc., served.

DISTRICT CAMPMEETING NEW BROCKTON, JULY 2-12

The annual District Campmeeting will get under way at New Brockton tonight, Thursday, July 2, and will continue through Sunday, July 12. There will be services each night at 8 o'clock, and on Sundays there will be three services. The campmeeting is to be held under the large Gospel Tabernacle owned by the Alabama District of the Assemblies of God.

Evangelist Gayle Jackson, of Sikeston, Mo., is to be the main speaker. He is one of the nation's foremost evangelists. He is better known as the "Cyclone Evangelist," and great crowds have come to hear him. Thousands have been saved in his big revival campaigns all over the United States. All denominations are invited to take part in the campmeeting. There will be good congregational singing and plenty of instrumental music and special singing. Come and enjoy the meetings.

Rev. Marvin L. Smith, Dist. Supt. Assembly of God Churches in Ala. Mess Sergeant Motes, in charge of the mess kitchen, explained that meals are served shuttle system during the incursion of troops, which have been arriving on an average of from 800 to 1,000 a day at a specified hour.

Peep Into Kitchen

A peep was permitted into the mess kitchen where the four great turning ranges and other equipment were displayed. There was a separate oven with capacity for five 100-ration pans, huge pressure cookers for vegetables, electric mixing machines turning out 15 gallons at a mix, a large contrivance where 1,000 pounds of "spuds" got their skins shaken off and themselves washed. The refrigerating rooms were in three compartments, for fresh fruits and vegetables, for dairy products and for meats, with varied temperatures best suited for their preservation. Two hundred fifty pounds of bacon would make a breakfast dish, 500 pounds of beef, a roast.

Outside in an open space not far away, men were arriving with heavy blue barracks bags on their shoulders and were forming in groups behind signs which read, "artillery, infantry, engineers, medical, quartermaster," etc. The troops, a consignment from Fort Leavenworth, Kansas, had been through the initial steps of classification, had been issued their equipment of clothing, shoes, mess kit and what not, which filled their bags. Their civilian records had been studied at the reception office and they had been told to report behind the sign to which they seemed best suited. There officers from the various units took the men in charge for permanent assignment.

Lunch For Visitors The visitors lunched at the Officers Mess on Spanish spaghetti, baked potatoes, turnip greens.

The farewell pause of the visiting group was made at one of the 11 small chapels. The late afternoon sun shone through the stained windows and lighted the dim interior with shades of gold and brown on its polished beams and floors. Dr. Channon, Episcopal minister of Troy and member of the party, climbed to the gallery choir loft and played a selection on the sweet-toned electric organ. While Chaplain P. N. Hickcox, 81st Division chaplain, displayed the building and told of the plans made for the spiritual welfare of the boys from Ohio and California, Utah and Tennessee, Washington State, Michigan, Illinois, Georgia, Kansas, Minnesota and Louisiana, who have come to the woods and fields to learn to be warriors where "Tholoco" once chased the painted Creeks.

Scrap Rubber Wanted

We want several thousand pounds of old rubber tires, tubes, garden hose or other scrap rubber RIGHT NOW. The Government needs this scrap to help in the war effort, and we are collecting in response to this demand. Bring yours in TODAY! We take any quantity, large or small, and are authorized to pay 1c per pound.

Wiregrass Editors Enjoy Tour At Camp Rucker

By Nell Fannin Hutchison Should some one page the ghost of Samuel Dale, that doughty old Indian fighter known to the Whites as "Big Sam," and to the Indians as "Tholoco," and should he stand atop the hill above the little town in the county both bearing his name, would he be amazed at the mighty military camp replacing the war paths of the Creeks?

If so, his wonderment couldn't greatly exceed that of a small group of newspapermen and women from the neighboring towns, who were permitted to make a tour of Camp Rucker Wednesday Set in the midst of the former Morris and Donald farms, noted for their productive acres, was a city—thousands of white houses with green roofs, miles and miles of paved streets, countless yards of telephone and electric light wires, water towers, railroad tracks, open drill and parking fields. None of it was there in January when the visitors were out that way.

Turning In Jeeps Assembling at the Headquarters Building of the 81st Division at 11 a. m., the party was greeted by Lieut. Col. W. S. Wood, Major E. J. FOUR COFFEE STUDENTS IN A. P. I. FRESHMAN CLASS

Among the 400 members of the freshman class who entered the Alabama Polytechnic Institute this summer on the new Accelerated Wartime Program, four are from Coffee County. They are: Betty Ruth Chambers, Mary Lou Wall, Jack L. Martin, Enterprise; and William Leonard Walsh, Jr., Elba.

By year-round study on Auburn's new quarter system these students will complete their college courses one year earlier than heretofore. Those who take four-year courses will be graduated in May, 1945, while those who take five-year courses will receive their diplomas in March, 1946.

For the duration, there will be no summer vacation at Auburn. A class will be graduated every nine months. Indications are that some 500 additional freshmen will enter Auburn at the beginning of the Fall Quarter on September 7.

The many friends of Miss Hazel Conway will be glad to learn that she soon will be able to return to her home after an operation at Edgewood hospital, Troy.

Elba people will be glad to welcome Miss Mildred Peacock and her mother, Mrs. Anna Peacock, back to Elba from Andalusia, where they have resided for several months. Miss Mildred has employment at Camp Rucker.

Fruit salad, ice cream and cake, deliciously prepared and excellently served. Utilizing the remainder of the lunch hour for extra sight-seeing, a recreation center was inspected, typical of the 18 at the post, with cafeteria, reading rooms, rooms for table games and similar entertainment. Three theatres have been completed with a capacity of 1,000 each, a huge dome roofed gymnasium, guest and hostess houses where "Mom" and other visitors to the camp may be entertained; the base hospital with its numerous small units connected by eight miles of covered corridors. A great amphitheatre is being constructed for outdoor audiences. There are post exchanges, fire stations, dispensaries for treatment of minor ills, warehouses and many other buildings passed too rapidly for the eye to note them all.

Traveling west, the party reached the 81st Artillery section and were treated to an indoor inspection of communication equipment, telephone, radio, combined radio and telegraph instruments, and a variety of other devices, the fire control telescope by means of which the range and angle of fire are set for the guns. One man's equipment was viewed including raincoat, clothing, toilet articles, first aid and mess kits, gas masks, and helmets.

BOLL WEEVIL INFESTATION IS HIGH IN COFFEE COUNTY

In cooperation with the State Crop Reporting Board, six farmers in Coffee County are making a weekly check of boll weevil infestation. Those who take four-year courses will be graduated in May, 1945, while those who take five-year courses will receive their diplomas in March, 1946.

For the duration, there will be no summer vacation at Auburn. A class will be graduated every nine months. Indications are that some 500 additional freshmen will enter Auburn at the beginning of the Fall Quarter on September 7.

COURT CALENDAR FOR FALL SESSION, 1942

It is hereby ordered by the undersigned, as Judge of the 12th Judicial Circuit of Alabama, that the several sessions of the Circuit Court of Coffee and Pike Counties, for the last half of the year 1942, be held at the times and places, for the purpose and in the manner hereinafter set forth, namely:

At Enterprise: The week beginning Monday, August 3rd, 1942, for the organization of a grand jury, and the regular call of the Non-Jury, Appearance and Equity Dockets.

At Troy: The week beginning Monday, August 10, 1942, for the organization of a grand jury, and the regular call of the Non-Jury, Appearance and Equity Dockets.

At Elba: The week beginning Monday, August 17, 1942, for the organization of a grand jury, and the regular call of the Non-Jury, Appearance and Equity Dockets.

At each of the said sessions of court heretofore ordered to be held for said Circuit the order of business will be as follows: Organization of the Grand Jury, and the regular call of the Non-Jury, Appearance and Equity Dockets in the order stated.

At Enterprise: The week beginning Monday, October 5, 1942, regular call of the Jury-Civil Docket.

At Troy: The week beginning Monday, October 12, 1942, regular call of the Jury-Civil Docket.

At Elba: The week beginning Monday, October 19, 1942, regular call of the Jury-Civil Docket.

At Enterprise: The week beginning Monday, November 9, 1942, regular call of the Jury-Criminal Docket.

At Troy: The week beginning Monday, November 16, and the week beginning Monday, November 23, 1942, regular call of the Jury-Criminal Docket.

At Elba: The week beginning Monday, December 7, 1942, regular call of the Jury-Criminal Docket.

C. C. BRANNEN, Judge of 12th Judicial Circuit, of Alabama.

DR. BROWN GOES TO AUBURN

Dr. O. A. Brown, who has been in agricultural research work in Coffee County during the past year, will go to Auburn this week to continue his duties in that area.

Dr. Brown, who is connected with the Farm Service Administration, came to Enterprise from Irvingville, Ga. He is a native of West Virginia and a former instructor at Ames Agricultural College, Ames, Iowa.

Mrs. Brown and her children, Miss Susan and Billy, will accompany him to Auburn to make his home.

SOIL TESTING OUTFIT DEVELOPED BY CHEMIST

AUBURN, Ala.—Dr. J. A. Naflet, Associate Soil Chemist, Alabama Experiment Station, has developed an inexpensive outfit for making tests to determine the lime needs of soils in Alabama.

"For several years we have been confronted with the demand for a rapid or field test for determining the acidity of soils and its interpretation into lime requirements," he says. "Investigation of the proposed method and the preliminary adoption of a four-color indicator method which is very simple and fairly accurate."

Sgt. and Mrs. Irvin Massee, formerly of Kentucky, have moved into an apartment in the W. J. Bullard home. Sgt. Massee is a member of the 5th Signal Corps at Camp Rucker.

Miss Phyllis Cason is visiting relatives in Montgomery.

Mrs. H. H. Richardson, of Notasuga, and Mrs. W. J. Matt and baby daughter, Linda Ann, of Newark, N. J., are guests this week of Mr. and Mrs. Eris Paul.

Mr. Ja P. Boyd, of Auburn, was a visitor to Elba this week.

Hagood Patterson To Speak Here Tuesday, July 14

The Pea River National Farm Loan Association will hold its annual stockholders' meeting Tuesday, July 14, beginning at 9:30 a. m. This will be a joint meeting with the Farm Bureau members of Coffee County, and there will be entertainment throughout the day for both groups.

Mr. Hagood Patterson, State Commissioner of Agriculture, will be the main speaker during the morning part of the day. There will also be several other speakers of interest on the program, and music will be provided by the Elba High School Band. There will also be other interesting features during the day.

This year the Federal Land Bank of New Orleans celebrates its 25th anniversary, and the Pea River National Farm Loan Association hopes to celebrate this anniversary by having this annual meeting to be the greatest one ever held. Mr. J. H. Yates, secretary-treasurer of the Association, and Mr. H. D. Sexton, county agent, urge all of their members and stockholders to be present.

The meeting will be held at the Elba High School Auditorium and a large attendance is expected.

4-H PICNICS WILL REPLACE ANNUAL ENCAMPMENTS

A series of 4-H picnics given in local communities will replace the annual encampments of 4-H boys and girls in Coffee county this summer. All dates have been arranged and a partial number of locations decided upon. The picnics will be held at 3:30 and 7 p. m. on the stated dates with the first named club having the afternoon hour.

The schedule includes: July 17, Curtis, at Meacham's meadow; July 20, Zion Chapel, Bluff Springs school; July 21, Mt. Pleasant at Coffee Springs swimming pool; July 28, Ennon, New Hope; July 29, Mixson's Cross Roads, school; Victoria, school; July 30, Damascus, school; Elba, school; August 3, Iro, Fairview.

A program of games and picnic lunch will be included in all programs. H. T. King and Miss Mildred Scoyers, 4-H agents, will serve as chaperones.

ONE BROTHER GRADUATES; ANOTHER ENTERS SCHOOL

Mr. and Mrs. B. Horn have received word that their oldest son, Willie Mack, on last Wednesday, graduated from the Officers' Candidate Training School at Miami, Fla., with rank of 2nd lieutenant. They also learned that their youngest son, James, who has been in camp in Mississippi, has received an appointment and entered the candidate school at Miami last Thursday, the next day following his brother's graduation. They missed seeing each other by one day.

Lt. Willie Mack, after visiting relatives in Orlando, Fla., and Elba for a few days, will go to Hamilton Field, Calif., where he will be a member of the communications department of the U. S. Air Corps.

NEW HOPE ANNUAL SING HAS BEEN CALLED OFF

The Clipper received Tuesday a letter from Mr. Sterling Williams, chairman, asking us to announce that the New Hope Sacred Harp singing has been called off. This singing was to have been held on the second Sunday in July, according to previous announcement. All singers and those interested in this singing will please remember that it will not be held this year.

Banks And Tanks

One protects the security of your country—the other your personal wealth. Both will play an important part in preserving the American way of life in 1942. As our nation mobilizes its manpower, its industrial power and its financial power we want to do everything we can to help you and your business during these trying times ahead. Call on us any time. We are at your service.
